

Winter Storm Alert

Penn Township is asking all residents to avoid traveling on **Sunday, January 25, 2026**, due to the **expected hazardous winter weather conditions**. Forecasts call for significant snow and ice, creating dangerous road surfaces and limiting visibility.

Our public works crew will be out clearing roads, but heavy precipitation and freezing temperatures may make it difficult to keep up. Staying off the roads allows crews to work more efficiently and helps keep everyone safe.

What we're asking from residents

- Avoid unnecessary travel so plow trucks and emergency vehicles can operate safely.
- Please do not park on the road. If you must park on the road, try to coordinate with your neighbors to keep cars on one side.
 - Plan ahead for groceries, medications, and errands before Sunday.
 - Stay up to date with emergency proclamations from The State.

Thank you for your cooperation.
